SIR,

SUBJECT – *Vacancies of Graduate Teachers in the Municipal High Schools for general recruitment.*

Adverting to Government Order No. L. 4247-61/Ml. 96-44-33 dated 3rd Nov 1944 ordering 'inter alia' that vacancies of teachers in grade Rs. 40-4-60 in Municipal High Schools might be advertised during the period of the War as open to all Communities, candidates of Backward ~~Classes~~ Communities being given preference and Brahmin candidates appointed being confirmed in due course without any further advertisement of the same vacancies, I have the honour to report that on an enquiry as to whether candidates of Backward ~~Classes~~ Communities are forth-coming for vacancies of teachers in Municipal High Schools, the Public Service Commissioner states that information in the matter can be furnished only after the results of the degree examinations are announced in May 1946 and applications from qualified candidates are again called for. The situation in this behalf has not yet improved as there are still vacancies unfilled in Government schools also and managements of Municipal High Schools are compelled to entertain candidates on pay higher than the minimum of the prescribed grade, or to give advance increments to the existing teachers lest they should leave the schools.

In the circumstances it is ~~desirable~~ necessary that the concession referred to above should continue for sometime longer. I recommend, therefore, that
